

# Day 4 journal entry

Choose 1 of the following prompts to respond to and then delete the prompt(s) that you did not choose.

**Prompt option 1:** *What is a topic that you found interesting this week? How do you plan to seek additional information and learn more about that topic?*

**Prompt option 2:** *Discuss your interactions with various people during your internship and the value each relationship brings (peer interns, college mentor, session speakers, higher-level leaders).*

I think one of the interactions that I have had is when I asked Meghan for help in order to connect me to someone in the finance or accounting side of work. She gladly referred me to one of her friends who was an accountant and she was so nice! She helped me see what the world of accounting was like.

**Prompt option 3:** *What are your main takeaways from this first half of your internship and how do you plan to carry those lessons into your second week?*

# Export + contribute your reflection
