

# Day 4 journal entry

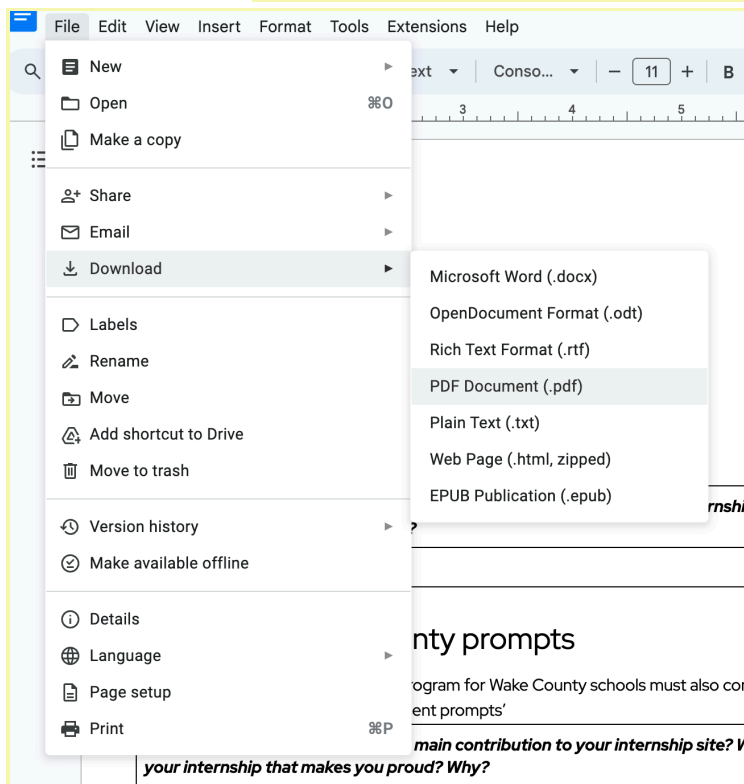

[Arvind Bassi]

**Prompt option 1:** *What is a topic that you found interesting this week? How do you plan to seek additional information and learn more about that topic?*

A topic I found interesting was learning about the future of AI. We took some notes on the future of AI as we now have Generative AI which is not autonomous and in the next 10 years look to get Agentic AI which is autonomous. I hope to learn more about the topic by doing research by myself on the topic as well as connect with AI engineers, software engineers, Software Engineers, and AI researchers.

## Export + contribute your reflection

1. Once you've filled out the above prompts, export this doc as a PDF. Note: make sure you rename the file to be in the format **[Firstname Lastname] Day 4 Journal Entry**

2. Now that you have a PDF of this week's reflections saved locally to your laptop, you should contribute the PDF to your personal GitHub dropbox area in [our shared repo](#). Use the '[Journal entry contribution](#)' [cheat sheet here](#) to assist you and ask a GitHub coach for help if you need it!
