

Day 6 journal entry

[Jorge Romero]

Choose 1 of the following prompts to respond to and then delete the prompt(s) that you did not choose.

Prompt option 1: *How is the internship meeting or not meeting your expectations/objectives and why? Do you have control of this? Explain.*

My expectations coming into this internship have and haven't been met in many different ways. Coming into this internship doing this last year, I already had an idea of what I was getting myself into, so I was expecting at least some changes to the program. So far however, the internship is more of the same, with the same formats and meetings, which has allowed for a sense of familiarity but also staleness. I guess I can control my mindset coming into the internship, but when it's mostly the same as last year, there's only so much I can do.

Prompt option 2: *Who have you met during your internship that has made an impact on you, and why?*

Prompt option 3: *Describe a challenge you encountered during your internship and how you approached overcoming it. What did you learn from this experience?*
