

# Day 3 journal entry

Choose 1 of the following prompts to respond to and then delete the prompt(s) that you did not choose.

**Prompt option 3:** *What are some of the differences you've noticed between a school environment and a professional work environment?*

There are definitely some big differences I have noticed between a school environment and a professional environment. One difference is the more freedom you have. In school, you always have to wait to use the bathroom or raise your hand to answer a question, but in a professional environment you are able to do those things freely. In meetings, it is very much an open discussion with people chiming in when the time is appropriate. Another difference I had realized is that there aren't the labels of teachers and students, meaning everyone isn't just learning from one person but learning from each other too which I think is cool. A difference between the two that I like the most is that in a professional environment, you have a relatively free moving schedule. Besides meetings and those kind of things, you are able to collaborate with people on projects and and get feedback on your documents and presentations.

# Export + contribute your reflection

1. Once you've filled out the above prompts, export this doc as a PDF. Note: make sure you rename the file to be in the format **[Firstname Lastname] Day 3 Journal Entry**

2. Now that you have a PDF of this week's reflections saved locally to your laptop, you should contribute the PDF to your personal GitHub dropbox area in [our shared repo](#).  
Use the ['Journal entry contribution' cheat sheet here](#) to assist you and ask a GitHub coach for help if you need it!
