

# Day 6 journal entry

Samantha Sun

*Who have you met during your internship that has made an impact on you, and why?*

I talked one on one with Máirín (Mo) Duffy in the afternoon. She told me about how she was previously a UX designer, a field of interest for me. She showed me the different aspects of UX design from technical components, artistic layouts, collaboration, and philosophical ideas. Before, I was not entirely sure if UX design was going to be something that I'd like. Talking to Mo made me excited to continue learning and make more connections related to my interests.
