Prompt option 1: *How is the internship meeting or not meeting your expectations/objectives and why? Do you have control of this? Explain.*

This internship is meeting and exceeding my expectations in many ways. When I first started, I assumed this would be a bunch of work just for the sake of saying we did an internship. I was pleasantly surprised when I found out that it was actually a great opportunity to get my name out, meet new people, and show my talents. I am really enjoying my time here and I really like how collaborative everything is. While I don't have much control over the work that we do, I still enjoy it greatly. I especially enjoy how we are working on different projects to further show our individuality to people here, and how we are given opportunities to network and meet higher-ups.
