Choose 1 of the following prompts to respond to and then delete the prompt(s) that you did not choose.

Prompt option 1: *What is a topic that you found interesting this week? How do you plan to seek additional information and learn more about that topic?*

I found the strategy and transformation session very interesting, specifically the role of a finance transformation analyst. I didn't know there were roles like that in the tech world, that include aspects of both tech and finance and their entire role is based upon adapting to change and being flexible with the market and demand. To prepare for another financial analyst session, I'll be drafting some questions to ask the analyst to gain a further understanding and see if that might be a field I'd like to go into.
