Prompt option 1: *How is the internship meeting or not meeting your expectations/objectives and why? Do you have control of this? Explain.*

This internship has met a lot of my expectations regarding learning from various professionals in the company. I've gotten to meet a lot of great people who work in various fields and I've learned a lot from them. I've also gotten some hands-on experience with web development and GitHub. I feel that I have a lot of control of the stuff that I learn, so I've been having a lot of fun these past 2 weeks.
