

# Day 8 journal entry

Choose 1 of the following prompts to respond to and then delete the prompt(s) that you did not choose.

**Prompt option 1:** *What have you learned about yourself and what you want in a career?*

I've learned that I wanted to do something in finance because the technical stuff has made me realize that this isn't for me and I'd rather do something with money. I think while meeting with people and talking about what they do in their lives, I've realized that I want to do what they do.

**Prompt option 2:** *How has this experience affected or changed your career/college plans?*

**Prompt option 3:** *If you could give advice to a student starting this internship next year, what would it be?*
