Choose 1 of the following prompts to respond to and then delete the prompt(s) that you did not choose.

Prompt option 2: Discuss your interactions with various people during your internship and the value each relationship brings (peer interns, college mentor, session speakers, higher-level leaders).

Throughout this internship, I've had the opportunity to meet a variety of people with diverse roles. Everyone I have met has been very kind, and willing to share their advice and experiences. My conversations I have had with my college mentor have been especially enlightening. She has given me advice on actions I should take in college to have a better chance at getting an internship and being successful. I am growing my relationship with my college mentor, and I highly value our relationship as she has told me that I can ask her for advice at any time.
