

Day 8 journal entry

[Ella Callahan]

Prompt option 3: *If you could give advice to a student starting this internship next year, what would it be?*

If I could give any piece of advice to a student starting their internship next year, I would say to be open-minded about everything. I went into this internship with an open-mind and a desire to learn about all different types of careers in hopes that I would find something I would be passionate about. By being open-minded I found interest in careers that I never knew existed or thought I could see myself in. I would also advise the interns to be open-minded in terms of connections; be willing to connect with anyone and everyone because it creates friends and expands your network which will be rewarding later on.
