Choose 1 of the following prompts to respond to and then delete the prompt(s) that you did not choose.

Prompt option 2: *What is one new skill or piece of knowledge you've gained this week? How do you see yourself applying this in the future?*

I have gained the knowledge of using GitHub, which I will definitely be using more. I can store my future projects there, and it will allow me to do source control on things like Unity files. This should help prevent situations like where I lost my project that I was working on for about a year.

Export + contribute your reflection

1. Once you've filled out the above prompts, export this doc as a PDF. Note: make sure you rename the file to be in the format **[Firstname Lastname] Day 3 Journal Entry**

2. Now that you have a PDF of this week's reflections saved locally to your laptop, you should contribute the PDF to your personal GitHub dropbox area in [our shared repo](#).

Use the ['Journal entry contribution' cheat sheet here](#) to assist you and ask a GitHub coach for help if you need it!
