Day 6 journal entry

[Firstname Lastname]

Choose 1 of the following prompts to respond to and then delete the prompt(s) that you did not choose.

Prompt option 1: **How is the internship meeting or not meeting your expectations/objectives and why? Do you have control of this? Explain.**
This internship has fulfilled my expectations regarding career exploration and seeing how different jobs such as software engineer, UX designer, and product managers function. I really liked this aspect of the internship because it is an opportunity that is rarely handed out to kids my age. However, I was a bit disappointed in the lack of freedom to explore html, css, and js during the internship.

| *Prompt option 2:* **Who have you met during your internship that has made an impact on you, and why?** |
